CHELA

The Chela low pH Range is a specialised range of **cleaning chemicals** designed to provide superior cleaning results whilst retaining a **low pH profile**

SuperSheen LpH – Code 685

New technology has been used to create a high performance, mildly alkaline cleaner that imparts a sheen to paint and glass that both reduces spotting and helps to prevent re-soiling. SuperSheen® can be used both in automatic brush washes and manually. Removes traffic film, brake dust, dirt, grease and other similar soil from the body work of rail carriages, buses and traction units

- pH of 7.5
- Leaves surfaces exceptionally clean
- Creates a deep long-lasting sheen
- Leaves a protective coating which repels dirt and grime
- Leaves glass streak/spot free and gleaming
- Works in hard and soft water
- Economical in use
- Non-hazardous for usage and transport
- Available on 200L and 1000L packs

EuroSheen LpH - Code

High performance trainwash/buswash detergent. Cleans and leaves a deep sheen. Removes traffic film, brake dust, dirt, grease and other similar soil from the body work of rail carriages, buses and traction units

- pH of 7.5
- Removes most soiling
- Leaves a deep sheen
- Works in hard and soft water
- Non-hazardous for usage and transport
- Exceptional resistance to corrosion
- Available on 200L and 1000L packs

EnviroFoam LpH – Code 684

Powerful exterior foaming cleaner. Designed to be used via foam boxes and similar equipment

- pH of 7.5
- Leaves stable, sticky, foam for long lasting cling
- removes tenacious road traffic film
- high dilution –economical to use
- Works in hot or cold water
- Available on 200L and 1000L packs

Consol LpH – Code 686

Highly dilutable and effective interior hard surface cleaner and degreaser. May be used to clean, trains, buses, underground rolling stock and coaches. Removes grime, hydrocarbon and food oils and greases.

- pH of 7.5
- Removes grease, grime oil, soot, dye, ink, nicotine, mildew, and diesel.
- Applied by spray, mop, brush or swab on to almost any surface for instant results
- Leaves no sticky deposits, just a dry clean surface
- Economical
- Does not corrode aluminium
- Available on 200L and 1000L packs

Chela Screenwash LpH – Code 3041

High performance, non-smearing screenwash. Highly dilutable for both Summer and winter use

- pH of 7.5
- Can be used in summer and winter
- Non-smearing
- Highly dilutable
- Available on 200L and 1000L packs
