# Balance

## Powerful Detergent and Odourless Biocide

**Balance contains a blend of non-ionic detergents and emulsifiers whose type and ratio has been carefully chosen to give optimum performance. This synergism gives Balance its powerful grease dissolving powers without having to use harmful or toxic ingredients. As well as its exceptional cleaning ability Balance is a good biocide due to the powerful, microbiologically active compound Benzylkonium Chloride. Odourless and taint-free, Balance is the ideal product for use in kitchens, canteens, food factories and lorries and abattoirs. Balance has been formulated with the environment as well as performance in mind. It is phosphate free, does not contain chlorinated phenols and the detergents and biocide are biodegradable.**

## Benefits of Balance

- Does not contain Toxic glycol ethers
- Is not harmful, irritant or corrosive
- Will not taint food
- Kills or inactivates pathogens
- Quickly penetrates and emulsifies grease
- Free rinsing
- Works in both hard and soft water
- May be used in a pressure washer
- Will clean floors, walls and equipment
- Is highly dilutable
- Is biodegradable and phosphate free

## **Dilution**

Removal of heavy grease and soils 1:5 parts water

Removal of light soil and general grime 1:10 parts water

Steam and pressure cleaning, damp mopping and light scrubbing 1:80 parts water

General sanitation 1:50 parts water

Major sanitation 1:20 parts water
