## Eraze Liquid

**A powerful, yet safe, graffiti removing removing liquid that works well on a range of surfaces. It comes in a ready-to-use form making it quick and easy to use - simply apply to the surface and rinse off.**

## Benefits of using Eraze Liquid

- Liquid form - for use in areas where less application control is required
- Multi-functional - removes spray paint, marker pen and dye-type graffiti
- Low odour - increased operator comfort
- Non-hazardous - very low health hazard
- Uses biodegradable raw materials, does not contain NTA, EDTA or HEDTA and does not contain aromatic, aliphatic or chlorinated solvents - very low environmental impact
- Passed industry's surface compatibility assessments - suitable for use on most surfaces
- LUL Stores Catalogue Part Number - approved for use by LUL

**Chela: Innovative Cleaning Solutions and Technical Care**

**Chela Product Code: 942**

## **Application of Erazo Liquid**

Eraze Liquid is designed to be used undiluted

### **All Surfaces**

Dampen a clean cloth with Eraze Liquid. Dab and wipe off the graffiti, turning the cloth frequently to ensure the mark is not returned to the surface. Wipe off any residue with a clean damp cloth then rinse the surface. For best results, rinse with Guardisan® Fresh.

If preferred you can apply the liquid with a brush then continue agitating to remove the graffiti. Ensure that the surface is kept wet, if necessary reapply the liquid. Wipe and rinse as above.

### **Cautionary Notes**

Always test a small area first to check for surface compatibility.

## **Product Endorsements**

- Eraze Liquid has been submitted to Scientifics for a Technical Evaluation. The product was found to “have demonstrated its effectiveness in removing different types of graffiti encountered within a railway environment”.  
Report Number: LR DON 503  
Date: August 1999
- Eraze Liquid has been assessed as “suitable for its proposed application within the rail industry” by Graham Tomlinson of GTECH Strategies Limited.  
Report Number: CM/001  
Date: 23/12/97
- Eraze Liquid has been approved for use by the London Underground.
