

## Packing and Shipping Information

Loosol is available in the following container sizes:

10 x 500 ml      4 x 5 litre

Type of container	Net weight (kg)	Gross weight (kg)	Size (mm) (h x d) or (h x w x d)
0.5 l plastic	0.55	0.595	140 x 85
5 l plastic	5.5	5.75	255 x 190 x 140

## Specification

Appearance:	Liquid
Colour:	Red
Odour:	Strawberry
Solubility Description:	Miscible with water
S.G.:	1.1
pH:	0.90
Foam Height:	17 ml
Surfactant Type:	Nonionic

## Hazard Identification

Risk & Safety:	Classified as irritant under current legislation
Hazard Symbols:	Xi

## First-aid Measures

Inhalation:	Not applicable
Eyes:	Irrigate with water for at least 15 minutes
Skin:	Rinse contaminated area with plenty of water
Ingestion:	Give plenty of water to drink

Consult Safety Data Sheet for full Health and Safety information.

# Loosol

**Loosol is a fast acting, biodegradable duo-acid, descaling product. It will quickly and efficiently remove unsightly, unhygienic, odour-producing scale from a variety of surfaces including toilets, urinals, wash basins, lavatory floors and washroom floors.**

## Benefits of using Loosol

- Contains powerful detergents that remove complex organic matter - soiling is easily washed away
- Quicker to act than phosphoric acid based products - saves time
- Can be used safely on a multitude of surfaces including stainless steel, chrome, porcelain and masonry - multi-functional
- Removes the scale that encourages odour-causing bacteria - stops unpleasant odours
- Contains perfume - leaves a pleasant and long-lasting fragrance
- Does the job of both bleach and channel blocks - eliminates need for several chemicals
- Only classified as irritant - low health hazard
- Uses biodegradable raw materials and does not contain NTA, EDTA or HEDTA - very low environmental impact
- Does not contain hydrochloric acid and does not produce any corrosive fumes - safer to use
- LUL Stores Catalogue Part Number - approved for use by the LUL
- BR Stores Catalogue Part Number - approved for use by BR

**Chela: Innovative Cleaning Solutions and Technical Care**

**Chela Product Code: 202**

## Application of Loosol

Loosol is designed to be used undiluted.

### Toilets

For light scale:

Using a toilet brush, push water around the bend. Direct Loosol under the rim of the toilet and put a quantity into the water. Agitate the whole surface with the toilet brush, then flush, rinsing the brush under the flow of clean water.

For heavy scale:

Using a toilet brush, push water around the bend. Adding about half a litre of Loosol in total, direct Loosol under the rim of the toilet and into the water, making sure the whole surface has been covered. Leave to dwell for as long as possible. Agitate the whole surface with the toilet brush, then flush, rinsing the brush under the flow of clean water.

### Urinals

Apply Loosol to the surface while agitating with a toilet brush. Pay particular attention to over-hangs and build-up. Keep applying Loosol until all build-up has been removed. For heavy scale build up, pour 2 litres of Loosol into the trap.

### Wash Basins

Apply Loosol over the area to be cleaned. Using a cloth, agitate the surface, paying particular attention to scale build-up. Rinse residue off using a clean cloth and water.

### Lavatory and Washroom Floors

Apply Loosol over the area to be cleaned. Using a brush, scrub thoroughly until all build-up has been removed. Mop off with clean water making sure that the mop is rinsed in clean water and wrung in a gear press at regular intervals.

### Other Applications

Loosol is very good at removing tea stains from sinks and work surfaces. Apply Loosol over the area to be cleaned. Using a cloth, agitate the area. Wipe off the residue using the cloth then rinse with clean water.

### Cautionary Notes

Do not mix Loosol with any other chemical, cleaner or bleach.

## Product Endorsements

- Loosol has been approved for use by the London Underground.  
LUL Stores Catalogue Part Number: 17331-035
- Loosol has been approved for use by British Rail.  
BR Stores Catalogue Part Number: 007/045004
