## Micro Degreaser Heavy Grease and Oil Remover

**Micro Degreaser uses modern micro emulsion technology to remove even the heaviest grease and oil. Micro Degreaser is a liquid which removes oil and grease from all washable surfaces. Areas of application include rail engineering pits, car parks/driveways, plant/machinery ports and much more. It is easy to use.**

**Micro Degreaser is also highly effective as an under carriage cleaner on rail vehicles.**

## Benefits of using Micro Degreaser

- High Performance and quick acting
- Reduced solvent content - lower VOC
- Low odour for operator comfort
- Dilutable with water 1:10 for economy
- Removes oil and grease
- No aromatic solvent
- Free rinsing
- Thick on dilution clings to surfaces

**Chela: Innovative Cleaning Solutions and Technical Care**

**Chela Product Code: 786**

## **Use of Micro Degreaser**

### **General Cleaning**

- 1/ Dilute 1 part Micro Degreaser to 10 parts water
- 2/ Spray or brush onto surface
- 3/ Agitate surface with brush
- 4/ Rinse off with water from hose or pressure washer

### **Under Carriage Cleaning**

Dilute 1 part Micro Degreaser to 10 parts water and spray onto under frame. Agitate and rinse, otherwise follow instructions of cleaning machine supplier

## **Product Endorsements**

Tested and approved by 4-Rail for material compatibility and suitable for use in the rail industry.
