MultiCleanse

A powerful and versatile multi-purpose detergent that does the job of the following products: all-purpose cleaner, floor cleaner, carpet & upholstery cleaner, glass and mirror cleaner, toilet cleaner, disinfectant, bleach and air freshener.

Benefits of using MultiCleanse

- Multi-functional - effectively cleans floors, wall panels, glass, upholstery, wash basins, toilets and urinals
- High dilution rates (2.5% for normal soiling) - very economical
- Dilute pH of less than 10 - effluent can be immediately discharged into sewer mains
- Low foaming - quick and easy rinsing
- Contains perfume - leaves a pleasant & long-lasting fragrance
- Contains anti-static agent to leave sheen and reduce dirt build-up on cleaned surfaces
- Non-hazardous - very low health hazard
- Uses biodegradable raw materials & does not contain NTA, EDTA or HEDTA - very low environmental impact
- Passed industry's corrosion assessment - suitable for use on most metals
- Passed industry's surface compatibility assessment - suitable for use on most painted surfaces

Chela: Innovative Cleaning Solutions and Technical Care

Chela Ltd Product Code: 378

Application of MultiCleanse

For light soiling, dilute 1:80 with water.

For normal soiling, dilute 1:40 water.

For heavy soiling, dilute 1:10 with water.

To Clean Floors

MultiCleanse can be used in conjunction with a scrubber dryer to clean floors. Pre-dilute MultiCleanse to the appropriate level then carry out cleaning according to the manufacturer's instructions.

Alternatively, pre-dilute MultiCleanse to the appropriate level. Apply the diluted product to the floor using a mop, brush or sprayer. Agitate the surface with the mop or brush, paying particular attention to tenacious soiling, corners and crevices. Mop off the soiling and detergent residue then rinse with clean water, making sure that the mop is rinsed in clean water and wrung in a gear press at regular intervals.

To Clean Vertical Surfaces

Fill a bucket with MultiCleanse diluted at the appropriate level. Using a clean cloth, apply the diluted product to the surface working from the lower sections upwards. Agitate any areas which are particularly heavily soiled. Working from the top downwards, rinse the surface using clean water and a clean cloth. Frequently rinse the cloth in clean water to remove detergent and soiling residues.

To Clean Glass

Fill a trigger spray with MultiCleanse diluted at 1:100. Spray sparingly over the surface. Wipe off with a clean paper towel or cotton cloth.

To Clean Upholstery

Fill a trigger spray with MultiCleanse diluted at 1:40. Spray over the upholstery. Wipe off with a terry cloth.

Other Applications

Wash basins and sinks	Dilute 1:10 with water
Toilets, urinals	Dilute 1:10 with water
Disinfection	Dilute 1:40 with water
Tiles and mirrors	Dilute 1:100 with water
Deodorising	Use neat
Drains	Use neat
