Wipems®

A tough non-woven towelette impregnated with an extremely powerful but mild biocidal cleaning solution. Wipems® quickly loosen dirt from surfaces or hands. The soft absorbent surface lifts and entraps it, leaving the surface clean and dry. Wipems® are big and tough enough to tackle the worst cleaning jobs including the removal of grease and oils.

Benefits of using Wipems®

- Highly effective: removes grease and oils.
- Saves effort: cleans and disinfects in one go.
- Economical: each wipe contains a controlled dosage of liquid so no chemical is wasted.
- Pleasant to use: leaves a lemon perfume and does not dry hands - lanolin helps keep them moist and supple.
- Convenience: packed in handy tubs - a complete cleaning system - eliminates need for water, soap, wash basins, towels and dryers.
- Long shelf life: packaging has efficient resealable closure - Wipems® stay clean and fresh for longer.

Wipems® handy wipes for hand and surface cleaning.

Chela Product Code: 818

Chela: Innovative Cleaning Solutions and Technical Care

Safety & Environment

- Non-hazardous under current EU legislation.
- Highly responsible with regard to the environment.
- Does not contain NTA, EDTA or HEDTA.

Application of Wipems®

Hand Cleaning

Open the dispenser and draw out a wipe. Use to wipe hands thoroughly to remove all traces of dirt. If necessary use a second wipe. Dispose of used wipe thoughtfully. Hands dry quickly on their own, leaving the skin soft and clean.

Surface Cleaning

Open the dispenser and draw out a wipe. Use to wipe surface thoroughly to remove all traces of dirt. If necessary use a second wipe. Dispose of used wipes thoughtfully. Cleans plastic, metal and gloss painted surfaces without causing damage.

Cautionary Notes

Keep dispenser closed to prevent wipes drying out.

Product Endorsment

Checked for safety under the Cosmetics Products (Safety) Regulations 1996 as amended to conduct and take responsibility for the safety of cosmetics products.
